June 29-30, 2017 | College of Central Florida

3001 SW College Road | Ocala, FL 34474

ABOUT THE CAMPUS SAFETY SYMPOSIUM

The symposium will bring together experts from the broad spectrum of campus safety to address the current challenges facing our campuses statewide. The symposium will focus on sharing best practices and resources to assure that every college in Florida has the necessary tools to implement effective and successful campus safety policies and practices. Topics and concurrent sessions will include presentations and panels covering law enforcement practices, mental health, behavioral intervention, facilities, training, Title IX, FERPA, and student services.

The Association would like to extend an invitation to you to participate in a wonderful opportunity to market your goods and services for one and a half days to the 150+ college personnel who represent a portion of the 7,000+ AFC members. While they **all** may not be the final decision makers, they perhaps have the greatest impact on the campus safety decision-making at our 28 community colleges across the state. The networking and exposure that is available to you and your staff through this conference is unique and valuable. The deadline for conference registration and sponsorship is **June 25, 2017.** Room rates and information regarding the hotel are listed in this document.
