

# FCS Baccalaureate Programs

October 2014

# Questions

1. What is the purpose of offering Bachelor degrees in certain Florida College?
2. Are these programs replicating already accessible programs in their regions at public Universities? Do they serve the same populations?
3. Are these programs undermining the traditional 2+2 system?
4. Is there evidence that the existence of bachelor degree program in the FCS is leading colleges to dilute their traditional missions of access, workforce development, and transfer?
5. What financial impact do these programs have on students, the colleges, other institutions, and the state?
6. Is the bachelor degree approval process in the state Board of Education robust or in need of reform? How does it ensure a focus on the workforce, access, needless replication, and other essentials? Should it be strengthened?

# Question 1

- What is the purpose of offering Bachelor degrees in certain Florida College?

DRAFT

# Florida Statutes 1007.33

## Site-determined baccalaureate degree access

The Legislature recognizes that public and private postsecondary educational institutions play an essential role in improving the quality of life and economic well-being of the state and its residents.

The Legislature also recognizes that economic development needs and the educational needs of place-bound, nontraditional students have increased the demand for local access to baccalaureate degree programs.

It is therefore the intent of the Legislature to further expand access to baccalaureate degree programs through the use of Florida College System institutions.

# Baccalaureate Programs in the Florida College System – Guiding Principles and Policies

- Florida's "2 + 2" articulation system a national model for facilitating the transfer of students with two-year degrees earned at a Florida College System institution to upper-division studies at a public or private college/university.
- It is within the context of this "2 + 2" statewide articulation system that FCS baccalaureate programs are developed and operate.
- Currently, colleges are approved to offer approximately 175 programs in a variety of fields such as education, nursing and other health sciences, business, management, technology, and public safety

# Baccalaureate Tuition - Relative Cost to Students

	2004-2005	2013-2014	10 Year Change
Florida Public 2 Year	\$2,195	\$3,140	43.1% +\$945
Florida Public 4 Year	\$3,767	\$6,336	68.2% +\$2,569
Florida Private Non Profit 4 Year	\$22,975	\$28,087	22.3% +\$5,112

- The FCS student costs (\$3,140) are less than one-half cost of enrolling in the SUS (\$6,336).
- The private non-profit 4 year student costs are 8.9 times more than FCS.

# Baccalaureate Tuition – Relative Cost to the State

- Still to be determined

DRAFT

# Question 6

- Is the bachelor degree approval process in the state Board of Education robust or in need of reform? How does it ensure a focus on the workforce, access, needless replication, and other essentials? Should it be strengthened?

# Baccalaureate Programs in the Florida College System – Guiding Principles and Policies

- The Florida Legislature passed legislation in 2001 that outlines a process by which community colleges may seek approval by the State Board of Education to grant baccalaureate degrees in limited, high-demand areas, and the approval process is currently outlined in section (s.) 1007.33, Florida Statutes (F.S.).
