Greetings!

Welcome to the grand celebration! It is AFC's 73<sup>rd</sup> Annual Conference and Meeting, and it is my pleasure to welcome you to Panama City Beach, FL. At this year's conference, we celebrate with our theme: AFC Family Reunion to Re-Set, Re-Imagine, and Re-Invigorate our members, Partners, College Presidents, and Affiliates as we continue to leave our legacy.

Stephanie L.  
Campbell  
AFC PRESIDENT

The Association of Florida Colleges is confronting a time of many changes and we're meeting these changes one at a time. The Conference Planning Committee and office staff generously gave their time, talent, and thoughts to produce an event meant to deliver beyond expectations. Their passion and dedication goes beyond measures.

This week, as I reflect on this year serving all of you as your 2022 AFC President. I have witnessed an increase in membership numbers as we continue to make a difference every day in AFC. We have continued to meet the challenges at your colleges and you should be very proud of where we are today and excited about where we are headed as we lay the foundation for our legacy as others will follow. I am confident because AFC had a record year in our advocacy, providing professional development, and in our ability to come together throughout the Great 28.

I'd like to thank each of you for attending our 73<sup>rd</sup> conference, bringing your energy to network, learn and grow professionally as you create new connections and strengthen existing ones. Remember to have balance in your life. Leaving a legacy is the most important element of your hard work. Please, join me this week at our opening night networking social, and the Presidential Gala, where you will have the chance to win big on your bids with our AFC Foundation Silent Auction.

I ask you to stay engaged, keep being proactive, and continue to help us shape our AFC vision of what is next. You are truly our greatest asset today, tomorrow, and years from now, someone will ask..... what will your legacy be?

My Respect and Thanks go out to all of you

Stephanie L. Campbell  
AFC President 2022

Greetings, AFC Family.

Congratulations — you made it to the 73<sup>rd</sup> AFC Annual Conference! I am thrilled to welcome you to our first in-person conference since the pandemic. This meeting, which we have dubbed “The Family Reunion,” signifies the true meaning of a family reunion. We are gathering again to celebrate, unite, and honor the past, the present, and the future. As AFC President Stephanie L. Campbell says, “it is about the AFC Legacy; it is the key to reflection, inclusion, and reconnection.”

Larry W. Tyree  
INTERIM EXECUTIVE  
DIRECTOR/CEO

For me, this reunion means coming home to a city where I served as President of then Gulf Coast Community College and seeing many of my friends from the college and community. I am also a Lifetime AFC Member, and this reunion allows me to reconnect with many of my colleagues from the past and to make new friends.

So I welcome you back “home” to our signature event of the year. I believe we have put together an interesting and informative conference for you. I encourage you to visit all of the vendors; some faces you will know from past annual conferences and others will be new to you.

Please make sure to attend the Opening General Session where our guest speaker will be Mr. Willie Spears of The Willie Spears Experience and the Opening Plenary Session with Dr. Tonjua Williams, President of St. Petersburg College, as the keynote speaker. The AFC Staff has also lined up compelling speakers for all of the concurrent sessions. It is our hope that you will leave the conference recharged with lots of new information and many usable nuggets.

Enjoy the Reunion!

Larry W. Tyree  
Interim Executive Director/CEO

City of  
**Panama City Beach**

November 15, 2022  
Association of Florida Colleges  
1725 Mahan Drive  
Tallahassee, FL 32308

Welcome to the City of Panama City Beach, home of the world's most beautiful beaches!

We are thrilled that the Association of Florida Colleges has chosen our area as the location for your 2022 Annual Conference. We trust you will find the time to explore Panama City Beach, and visit our many parks, attractions, fine restaurants and shopping venues.

Panama City Beach is a destination which attracts millions of visitors annually. Many of our visitors come each year and often, they establish vacation homes here, or retire here on a permanent basis. Panama City Beach is the fastest growing community in Bay County, with a population of just over 18,000 full-time residents.

As the Mayor of this great community, I recognize the important role your membership plays throughout the State and certainly in Bay County, where both Florida State University-Panama City and Gulf Coast State College are located. This presence of higher education serves as a catalyst for the growth and development of our community and provides many educational options for our residents. College faculty and staff who live here contribute greatly to our community by enhancing and improving students' lives. This cannot be understated.

We are indeed blessed to have world-class educational facilities here, and throughout the State, and we thank you for all you do. During your visit, if there is anything we can assist with, please reach out to us at City Hall.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark Sheldon".

Mark Sheldon  
Mayor  
City of Panama City Beach

## KEYNOTE SPEAKER

Willie Spears is a critically acclaimed keynote speaker, author, and award-winning teacher who spent time working at the collegiate level as a professor and staff member. Mr. Spears has excited audiences with his energetic, relatable, and educational presentation. He has delivered keynote speeches to over 50 colleges in the last 12 months & added value through the 13 books he has written. After earning his Masters degree in education from Troy University, Willie's passion for education grew even more, evident by his appearances on CNN, FOX, HBO, and ESPN. Willie speaks to over 20 groups a month in over 5 different states. He was born and raised in PC, Florida and he and his wife of 20 years have two teenage children.

Dr. John Holdnak served as the sixth President of Gulf Coast State College for eight years before his retirement in June of this year. During his presidency, Dr. Holdnak was responsible for providing leadership for academic programs and student support services. He led the charge for community efforts in economic development activities working alongside with Bay County

Dr. John Holdnak  
GULF COAST STATE  
COLLEGE

Economic Development Authority and assisting with bringing new business opportunities and companies to Bay County. Under his presidency, the GCSC Foundation grew from \$31 million to over \$38 million, secured final funding from the legislature for the STEM Center, and was awarded funding from multiple Triumph grants to assist the College in critical areas such as Nursing, UVS, and Emergency Response. Under President Holdnak's leadership, the College also upgraded internal roadways and parking lots, relocated the softball complex, added to the Veterans and Military Resource Center, and created a healthcare clinic on campus with PanCare of Florida, Inc.

Dr. Holdnak was instrumental in guiding the College through the recovery of Hurricane Michael, a category 5 hurricane. More than 58 million dollars in damages were sustained at the College campuses. In 2018 when the hurricane hit, Gulf Coast State College had accomplished an all-time 10 percent gain in enrollment. The college opened in 28 days after the storm to prevent veterans from losing their federal benefits. President Holdnak was the driving force behind an exceptional team of Gulf Coast employees whom he rallied together, bringing in resources to assist employees and students. If the hurricane were not enough, he also skillfully guided the college through a multi-year pandemic.

Before becoming president of Gulf Coast, Dr. Holdnak served in many capacities and a variety of positions at the College, playing a pivotal role in the progress and accomplishments of the institution. In 2008 he left Gulf Coast for six years to serve as the Vice Chancellor for Financial Policy and Executive Vice Chancellor of the Florida College System. It was in these roles that he provided statewide leadership and exercised administrative and supervisory responsibility for finance, budgeting, information systems, operations, retirement, personnel administration, and facilities planning for the State of Florida's College System.

A native of Pensacola and a graduate of Pensacola Junior College, Florida State University, and the University of West Florida, John Holdnak is a Lifetime AFC member and is involved with a host of vital community activities and organizations. Dr. Holdnak resides in Panama City with his wife, Terrie, and they are the parents of two grown children and a grandchild.

### Wattenbarger Award Criteria

The criteria to be considered for this award include:

1. Demonstration of an exceptional commitment to one of Florida's colleges and/or the Florida College System.
2. Be a student, faculty member, administrator, trustee, or alumni of one of Florida's colleges or be a supporter of a college and/or champion for the Florida College System, or be a state legislator or member of the executive branch of the state government.

### Past Wattenbarger Award Winners

<b>Year</b>	<b>Winner</b>
2001	Dr. James L. Wattenbarger
2002	Dr. Lawrence W. Tyree
2003	Dr. Willis Holcombe, BrowCC
2004	Dr. Robert Judson, PHCC
2005	Harry Albertson, SJRCC
2006	Bob McSpadden, GCC
2007	Lt. Gov. Toni Jennings

- Disseminates information to students with disabilities and their families on programs, services, and support across the state.
- Administers student scholarships to attend FPCTPs.

Scan the QR code to see the impact of FPCTPs

**BECOME ONE!**

Become an approved FPCTP and help increase work opportunities for Floridians with ID, while your institution advances its innovative practices related to inclusion, diversity, access, and diversity.

The emergence of postsecondary programs for individuals with ID has shown that college experiences increase the chances of gaining competitive employment and higher wages for individuals with intellectual disabilities (Kohler et al, 2022)

Postsecondary education correlates with employment, lower unemployment rates, and higher earnings (U. S. Bureau of Labor Statistics, 2020).

## Did you win a Door Prize?

All major door prizes will be drawn at major events. If you are a winner, please check with the registration desk about where to pick up door prizes during the conference.

## Are you a First Timer?

As a first-time attendee, you have the opportunity to learn more about AFC and gain valuable information from our professional development education sessions. Join us to learn more about how to get the most out of your first time here and meet other college colleagues from across the State. Join us for the first-timer meeting on November 16 at 3:00 PM. Be sure to check out the conference schedule to note the sessions of interest to you.

## AFC Foundation Online Silent Auction

The AFC Silent Auction is open on our online auction site at [www.biddingowl.com](http://www.biddingowl.com). You still have time to place your bid and win your favorite item. The auction will close at 8:00 PM on November 17. Log in at [www.biddingowl.com](http://www.biddingowl.com), click on featured auctions, scroll down or search Association of Florida Colleges' Foundation.

## AFC Service Project

The 2022 service project supports the Seasonal Wraps Project spearheaded by Alpha Kappa Alpha Sorority, Xi Omicron Omega Chapter. The mission is to make sure no homeless children in the Village of Panama City Rescue Mission go without a winter coat, socks, gloves, hats, or scarves. Thank you to everyone who participated in the 2022 service project.

**Colleges of Connections: A Conversation Starter**

**Dr. Brent M. Ferns**

Spanish Moss | 9:30 AM – 10:30 AM

By now, we should all know how building relationships with our students, wherever we may interact with them, can increase student engagement, retention, and success. We also understand the importance of building relationships within our communities, with employers, school districts, and government and civic organizations. Is it possible to apply what we have learned from this and from the rapid growth of social networks in other ways? Can we capitalize on formal as well as informal relationships within and among our colleges to help overcome some of the struggles we face and better serve our students? Let’s start a conversation.

Dr. Brent M.

South Florida  
State College

**ACFST**

**Overcoming Barriers to Care for Florida Students**

**Becky Banasik and Seli Fakorzi**

St. Andrews E | 10:45 AM - 11:45 AM

As a campus mental health crisis persists, students often do not receive the professional care they need. Barriers to care, including the perception that care isn’t needed, lack of time, and stigma of seeking care, keep students from support. This presentation explores barriers to care for Florida students and how colleges and university leaders can help students overcome these barriers.

**Using Digital Communities to Support Students at Scale**

**Nadia Albelo**

St. Andrews F | 10:45 AM - 11:45 AM

Providing on-demand student support services is a critical component of student success. However, scaling a highly personalized and 24/7 support team is inefficient and costly. Join us to learn how Miami Dade College, School of Science is using digital communities to provide on-demand support to help students stay confident, motivated, and on track.

Nadia Albelo  
Miami Dade College

**AFT**

**Technologies for Leading Effective Classrooms Discussions**

**Dr. Hanan Hanna**

Spanish Moss | 10:45 AM - 11:45 AM

The educational environment affects students learning and academic achievement. According to research on active learning, traditional lecturing is "...continuous exposition by the teacher." Under this definition, student activity was assumed to be limited to taking notes and/or asking occasional and unprompted questions of the instructor. Higher education institutions design active learning classrooms to encourage instructors to implement active learning strategies and provide an atmosphere that modifies the teacher and learner dynamics. As Park stated, "New approaches to teaching and learning methods, specifically designed for ALC classrooms are needed." This research will present active learning techniques to enhance student learning experiences and academic performance.

**Communications and Marketing Commission Awards of Excellence — “Promoting Academic Enrichment & Success Programs**

**Rachel Cote, Candice Grause and Suzi Baugh**

St. Andrews A | 1:00 PM - 2:00 PM

Learn one of the many ways that Tallahassee Community College (TCC) is working to close the equity gap and amplify Diversity & Inclusion by promoting awareness for our Academic Enrichment & Success Programs: Black Male Achievers (BMA), Hispanic Alliance for Talented Students (HATS), Sister to Sister (S2S), and the Black Student Union (BSU). To help increase awareness on campus and in the community about these organizations, TCC ran an integrated campaign to promote them and increase enrollment including videos, web pages, advertisements, and social media posts. The campaign saw great success and enrollment increased in each organization.

**F****Guiding Student Introspection and Deeper Learning through Reflection****Dr. Kelly Hernandez**

St. Andrews B | 2:15 PM - 3:15 PM

Lacking time and motivation, students are often hesitant to do the hard work of reflecting on their learning. This session explores techniques to guide students to delve deeper into more meaningful, personal connections to their coursework. The presenter will share the benefits and importance of incorporating reflection into the curricula as well as methods to embed reflection in any course.

## THURSDAY, NOVEMBER 17

---

### NLLP Capstone Presentations

**Brian Hillard, Sandy Martin, and Dani Rowan Hawke**

St. Andrews F | 2:15 PM - 3:15 PM

The Capstone Project provides a vehicle where participants can take the lessons learned in the Next Level Leadership Program and apply them to a practical, “real world” situation. Participants are encouraged to be thinking “What information did I learn in this course that can be used to apply to a real-world situation?” and from there, demonstrate that through this Capstone Project.

2008 Ms. Carol Quinn	2021 Mr. Ray Coulter
2009 Dr. Will Benedicks	2022 Ms. Stephanie L. Campbell

## Geutebrück — Video Security Solutions

Since 1970, Geutebrück has been a global provider of advanced and powerful IP Video technology-based solutions. With an emphasis on privacy, our video management software, robust analytics and hardware are engineered to work seamlessly together and provide uniquely user-friendly systems, to protect students and faculty in the Education space.

Premier deployments, beyond Education, include Federal, State and Local Governments, Critical Infrastructure, Transportation, and other environments in which a variety of analytics including Facial Recognition, License Plate Capture and Motion Privacy have become integral.

Campus Safety and Security of its students and faculty are core drivers that have inspired broad adoption of Geutebrück's robust Video Management Software and Intelligent Video Analytics. Enterprise Level Monitoring and Incident Management are made simple from one or more Security Operator Viewing Consoles, which insures immediate First Responder notification.

While we offer end-to-end video solutions, our open platform provides seamless integration of existing Cameras, Access Control, Fire Alarm and Mass Notification systems. These are among our many core competences refined over the last 52 years.

We also help educational institutions save money on upfront and recurring costs with our unique licensing model, when using Geutebrück's end-to-end video surveillance platform.

All Geutebrück hardware is NDAA (National Defense Authorization Act) compliant, and its software is FIPS 140-2 compliant, which means we adhere to the highest Federal Government standards for Cyber Security. This ensures any system deployed on campus, would include those same Cyber-Security standards.

Contact Geutebrück USA's Corporate Office in Tampa, to coordinate a site visit to assess Student and Faculty Safety needs.
