Options for Breakout Session 1:

Ethical Advising - Igor Tavuzhnyanskiy (Florida State College at Jacksonville)

What are ethics? Just knowing the difference between what is right and wrong? Sounds simple and straight-forward... But it may not always be clear what is ethical behavior and what might be unethical because "right" and "wrong" are subjective. We will talk about ethics and how it applies to academic advising, as well as discuss a few scenarios.

Talk to Nerdy to Me: The Language of eSports - Geoffrey Howard Nelson (Seminole State College)

Competitive gaming or eSports is a phenomenon that has become a fundamental element in today's digital youth culture. This presentation will lay down a foundation of eSports knowledge to help attendees communicate effectively with students on their campuses. Furthermore, it would give a basic understanding of what goes into starting a recreational or competitive eSports program on college campuses. The presentation will offer a look at the basics of eSports, the common vernacular used by students in regards to gaming, and finally a description of the most commonly played types of games.

Options for Breakout Session 2:

Dare to Finish at EFSC - Tracy Glidden (Eastern Florida State College)

Dare to Finish is a recruiting initiative to identify, contact and challenge former students to return and finish their degree. The cohort contains inactive students within 18 credit hours of completion, no degree on file, GPA of 2.0 or higher, and no more than three course withdrawals.

LinkedIn @ the NEXT Level - Lisette Guillen-Dolby (Seminole State College)

So you have this LinkedIn account, but the problem is you rarely use it or just not sure how to take it to the next level... During COVID-19, the emphasis has been placed on communication and connection to an online community. In this LinkedIn presentation, you will learn current tips on how to enhance your online profile, learn more about mobile application options, how to use the online portfolio and navigate university pages for career development, in addition to expanding your professional online network.

Hello Charity,

Thank you for your patience in waiting for my reply.

The Professor of the Year Award is indeed an Exemplary Practice Award. Any instructor for whom your college submits a nomination has submitted an example of Exemplary Practice via that nomination. A copy of the nomination can be included in your AFC Chapter Book.

In addition, Laila Nimri was given a Distinguished Professor Award, one of three Awards for Exemplary Practice we give out annually. You can include a Copy of her Award Certificate as another example of Exemplary Practice in your AFC Chapter book.

Please give my best to Laila when you speak to her :)

My best,

Jean Scheppers

TRIO Connections of Central Florida, an Educational Opportunity Center of the U.S. Department of Education, promotes postsecondary education for high school students with varying interests and future career pathways. TRIO Connections of Central Florida targets a diverse community of students who are primarily low-income and will be first-generation in college. This program works diligently to assist students and families in lessening the stress of graduation and post-graduation, as well as providing education and knowledge to promote future success and achievement of personal goals. High school seniors are often faced with the overwhelming task of making decisions that will impact their future career paths. With our assistance low-income/first-generation students can bypass roadblocks that can limit or hinder postsecondary success. Strong relationships with the school district and community organization demonstrate the growing need and positive impact of the services offered. Through education, service, and exposure students gain knowledge to make informed decisions about their career goals instead of allowing their background to dictate their future. By educating students and their families on financial literacy and career immersion exposure, awareness to career paths are made possible. Offering support and guidance throughout these transition periods can empower students and their families, creating a long-lasting impact on the community.

TRIO Connections of Central Florida, housed at Seminole State College - Sanford/Lake Mary can be reached at (407) 708-2452 or TRIO@SeminoleState.edu.

5. Briefly describe the program.

The advising “course” named the Student Advising Resource Center is a student’s personalized connection to their assigned advisor through the college’s Learning Management System, Canvas. Housed within this course is academic information related to student’s success. The information contained within this course is housed in one central location so it’s easily accessible to students. The content is divided by credit ranges so students can find information for commonly asked questions in their credit brackets. Within the resource center there is page with the assigned advisor contact information where they can communicate with their advisor using multiple modalities including email, phone, text and Canvas. Advisors also utilize the Student Advising Resource Center to communicate with their assigned case load of students where they have the ability to send targeted messages based on program plan, number of credits, special student groups and meta major. This communication approach is accurate and efficient due to the high Student to assigned advisor ratio. This also allows advisors to be more intentional while building a one on one connection with their assigned students.

6. What need did this program meet that was not being met?

The program met the need of meeting students where they are and utilizing the current mode of instructor communication. Most instructors utilize Canvas or a Canvas component within their classes. Since the implementation of Canvas for advising, communications from Student to Advisor have increased. Prior to the implementation of Canvas, the email response rate was low; however, we have seen tremendous growth with student communications as well as increase of appointments due to expanding our channels of communication with students. From 2017 to September 2019 there were 3,613 initiated Canvas messages sent from Advisors and 7,566 messages sent from students to advisors. Most advisor-initiated communications were mass messages indicating a larger student reach.

7. How many and what type of people were served by this program?

Currently there are 26,396 degree seeking students being served. This includes all degree seeking students in A.A., A.S., certificate and vocational programs.

8. List the objectives of the program.

- **House academic and program information where it is easily accessible to students**
- **Send targeted messaging to assigned students**
- **Increase student/advisor communication**
- **Connect students with Academic Resources related to student success**
- **Convenient to student specific meta major and student groups, i.e., Veterans and Athlete information**

9. How have the objectives been met?

Yes, the objectives of the program have been met by centralizing information and increased student/advisor communications.

10. What was the cost of providing this program?

There was no cost to provide this program. The department utilized dedicated internal college resources in order for this initiative to come to fruition.

11. What was the funding source?

Dedicated internal resources.

12. How did you justify the cost of this program? (*Was it cost effective? Did you save money? Other financial benefits?*)

There was no allocated budget for this initiative as we used the dedicated internal resources.

13. What was the institutional involvement, especially outside of Student Services, in establishing the program? What is the continued involvement?

The Department of Academic Advising and Counseling collaborated with E-Learning, eServices and Computer Technology Services. This platform is a work in progress as enhancements are made and continuous collaboration between all departments is ongoing.

14. What are the results or findings from the evaluations?

After soliciting student and staff feedback the results were positive. In regards to the communication feature within the resource center many students preferred communicating with their assigned advisor through Canvas because it is the same method of communication that instructors utilize for their courses. There was a noticeable increase in advisor appointments after messages were sent.

15. Has the program been changed, revised, or improved as a result of the evaluations?

Yes, the Student Advising Resource Center is continuously being reviewed and updated to ensure information is accurate, consistent with policies, procedures, processes, and college resources.

16. Please provide a 3x5 passport sized photo of the presenters who will share the presentation.

17. Please include a 250-word abstract describing your exemplary practice. The guidelines follow on page two.

Canvas Feedback Examples

Student Feedback

- Canvas is a great way to communicate! I check it every day, so I'm certain to see messages.
- I enjoy using Canvas for communication much more than the previous email communication. By downloading the Canvas App to my phone, it's been easier to keep up with communication.
- I love the communication tool in Canvas. It makes it so easy and convenient to communicate with you.
- I hope all is well I think this is a great tool for future Seminole State College students so they are able to get in touch with their advisor's quickly!
- I do prefer to communicate through Canvas. I see my messages on here a lot faster than the other email, because I'm usually on canvas 5 days a week.
- Thanks for reaching me and help us to have a great College experience. I've been trying to reach you through email, but I don't check my live mail for decades now.
- Yes! Canvas is wonderful I use the app and it tells me automatically when you send me emails or updates. I was wondering when I can sit with you go over my classes and what my next step should be!
- I think it's convenient, sometimes it's hard for me to come to campus so this helps
- I appreciate the efforts you put in to make it easier for us to communicate. Enjoy your Friday!

Advisor Feedback

- An observation I have made is that the response time has been much quicker than what I have seen in the past. So, it appears the students are getting notifications through canvas and are actually reviewing the messages. For example, I sent a "Registration Announcement" yesterday informing students Spring 2018 registration is now open and I immediately received appointment requests. Usually, it takes a couple of days before I receive appointment requests after I send mass e-mails and texts.
- Canvas appears to be more effective of getting students to set up appointments with me. I got all of my next day appointments booked within an hour of sending a Canvas message.
- I've had one student send an email through Canvas, to review her degree audit and ed plan, so we've scheduled a phone conference for next week. In terms of feedback with this one conversation, I can say the process was smooth and easy to converse back and forth.
- The use of "Announcements" instead of "Inbox messages" seems to be a more efficient method for communication that gets sent to "all students".

Hello All,

As discussed in our board meeting we are partnering with Seminole State Volunteers and local census committees for tabling next week to promote the 2020 census!

The census determines how tax dollars are spent and how much representation each state has at the federal level. It also helps inform decisions on where things like roads and schools are built.

Many communities and populations go under-reported depriving them of vital public and private resources so it's important to help spread the word!

AFC AWARDS COMMITTEE

Greetings from the AFC Awards Committee!

Several of you have reached out with questions about the how the Awards process will proceed under our new virtual status. We will proceed with very few changes to the structure but with some added benefits!

- **The deadline for submittal of a Chapter of the Year Nomination has been extended to August 31, 2020.** The reporting period will remain June 1, 2019 to May 31, 2020.
- **The deadline for submittal of a Region of the Year Nomination or a Commission of the Year Nomination will remain October 30.** The reporting period is October 1, 2019 to September 30, 2020.
- We are adding a special benefit for those of you who have been attending the **AFC Professional Development webinars** hosted by the state office on Tuesdays and Thursdays. **You will receive 1 point for each webinar a member of your college attended.** (Only one point per webinar.) You can request an attendance report from the state office to use as your backup documentation for this.
- You will receive points for **Region Conferences, Commission Meetings, Board Meetings**, etc that you have attended virtually. You can request attendance reports by contacting the meeting host.
- We understand that documentation may be a challenge this year. We will host an **awards webinar in July** on pointers for putting your books together – virtually or in hard copy.
- **Be creative.** This may be the year to put together a virtual book to commemorate our virtual year! Here is some virtual software you might want to try:
www.Anyflip.com www.flipsnack.com
www.dcatalog.com www.paperturn.com
or ask your PR Department and they probably already have one they use.

This is an unprecedented year for our colleges and AFC. You will want to document how you responded in action. We want to acknowledge the creativity and stamina of our AFC chapters, regions and commissions! Please start working on your nomination today! If you have any questions email Evelyn Ward at warde@chipola.edu.

Subject: Men's Health Participation

Charity,

I discussed your AFC Ask with the Men on Executive Team yesterday. They all agreed to participate at some level, some with more engagement than others. For example, I don't think Paul and Dick will shave completely at the end of November, but they agreed to not shave during November to bring awareness.

It was also recommended that you have some more serious events, information provided, perhaps a panel of men's health issues etc. I think you may have some of that planned, but you may want to reach out to Janet. She agreed to sponsor an event for educational purposes around this topic to support AFC and this important cause. Please reach out to her directly.

Thank you for all your leadership and innovation!

Sexual Assault Awareness Month 2020 - wrap-up

Janet P. Balanoff <balanoffj@seminolestate.edu>

Mon 5/4/2020 6:13 PM

To: Janet P. Balanoff

April 2020 turned Sexual Assault Awareness Month into a virtual observance, rather than the interactive program usually offered by the Faculty Gender Violence Awareness Committee, Student Development including Student Life's clubs and organizations, Equity and Diversity/Title IX, and the Association of Florida Colleges - Seminole State Chapter. In our new reality, the same level of care and concern exists: Seminole State prohibits sexual misconduct in all its forms and holds students, employees, and visitors to certain standards of behavior in that area.

On April 23, the College partnered with Victim Service Center of Central Florida for an online panel discussion, "Sexual Assault in the LGBT+ Community: Prevention and Awareness." Several classes had members signed in, as well as employees and community members. As always, the messages applied to all survivors of sexual assault: vulnerability in areas such as homelessness, food insecurity, or family separation can increase vulnerability to sexual assault. Community resources exist, starting with the College's Academic Advising and Counseling Center.

On Denim Day, April 29, colleagues wearing jeans and other denim clothing joined in the international #DenimDay observance by posting pictures online. The day marks the international protest of an Italian Supreme Court decision. It ruled that a woman who was wearing jeans was not sexually assaulted, because jeans are so tight, her assailant could not have removed them without her consent.

Messaging to students this month included the definitions of sexual assault, date or acquaintance sexual assault, stalking, and sexual harassment. Each is prohibited by the College and there are consequences listed in the Student Code of Conduct as well as employee disciplinary standards. Please contact me with any questions or suggestions for keeping our College a safe and productive learning environment: Janet Balanoff, Associate Vice President, Equity and Diversity/Title IX Coordinator. Weldon 204 (hopefully, soon!); 407.708.2963 (yes, even now).

Since we could not come to each campus and decorate tee-shirts for The Clothesline Project, we bring you the College's first Virtual Clothesline Project! Students, faculty, staff, and at least one of our new "coworkers" at home, pre-teen, created messages of hope and support on the virtual tee-shirts designed and collaged by Marketing and Strategic Communications. I send thanks to each employee who has provided support to students during this challenging time. Janet

Donation Item for Silent Auction for the AFC Foundation

October 25, 2019

SILENT AUCTION

TO BENEFIT THE AFC FOUNDATION, INC.

DONATE TODAY!

Last year's AFC Foundation, Inc. Silent Auction was a huge success and that could not have happened without you. Again, we need your help to "fill the tables" for the 2019 Silent Auction.

Items that sell well include artwork, gift baskets, hotel stays, vacation packages, cameras, sports memorabilia, jewelry, e-readers, ipads, ipods, computers, books, gift cards, event tickets, wine, services, decorative items, etc.. These are all examples of great ideas but I am sure that you can come up with many more great ideas. Big ticket items such as a cruise, computer, big screen television or vacation package would be great. We don't expect you to purchase the big ticket item but if you know of someone that can donate this, please let me know. Don't ever think your item is too small or too large to include. Items may be combined with other items to help create a gift basket or vacation package!!

Please e-mail a digital photo along with a description of your item(s) to Carol Quinn at cquinn@pensacolastate.edu. You will need to bring your item(s) with you to the 2019 Annual Conference at Innisbrook in Palm Harbor, Florida.

What a profusion of finely tailored tedds!

That's right! We're on the lookout for this year's "Best-Dressed Bear." Cast your "likes" and "loves" for the bear(s) you admire most, and we'll tally the results.

Thank you for supporting Seminole State AFC's holiday project for the Salvation Army!

In October, the Seminole State College Chapter of AFC raised awareness for Breast Cancer by sponsoring cookies and water at the Pink Out event at our Robert and Jane Lee Campus at Oviedo. Employees at all four campuses were also encouraged to wear pink on October 18th for National Mammography day.

In November, Seminole State brought awareness about men's health issues by hosting a 'Stache Bash event at each campus. Men pledged to participate in No Shave November / Movember to grow a beard or mustache to get people talking about men's health throughout the month. Mustache selfies were taken and pamphlets were passed out with men's health statistics and information.

Seminole State also collected food and household items for the Fisher House to contribute to the AFC's annual conference service project.

Commissions

FACULTY COMMISSION PRESENTS FACULTY SPOTLIGHT

The Faculty Commission welcomes you to our first "Faculty Spotlight". This month we'd like you tell you about our 2019 Professor of the Year, Ameer Mehta!

Ameer began her career in India where she completed her Master of Science in molecular and microbiology. She began teaching biological sciences at Seminole State 12 years ago and has earned two of the College's most prestigious awards: the Ken Sylvester Faculty Excellence Award in 2014, and an Endowed Teaching Chair Award in 2018.

Ameer has been known to say, "Good professors believe in personal growth and development." In her work as a professor of biological sciences at Seminole State College of Florida, Ameer is the kind of professor whose openness and caring encourages students to develop confidence in their ability to manage their own learning. Ameer likes to start each class period with a question about real world issues, and she stresses that it is important for students to think for themselves and develop the ability to re-work their own ideas. "Students appreciate her teaching methodologies and caring nature" says Dr. Laura Ross, vice president of Academic Affairs at Seminole State. "She is a passionate and knowledgeable educator who is dedicated to helping her students reach success."

Ameer enjoys teaching at Seminole State and says that the diverse student body is one of the most valuable resources of her college. She says, "The more we engage with the students, the more we benefit as an institution."

Congratulations Ameer on being selected the 2019 AFC Professor of the Year! We wish you happiness and success in all your future endeavors!

Does a Faculty Member at your college deserve to be recognized? Please contact Jean Scheppers at scheppej@cf.edu to feature your outstanding faculty in the Faculty Commission's "Faculty Spotlight."

SEMINOLE STATE COLLEGE AFC CHAPTER

This past November, members from the Seminole State College Chapter of AFC participated in the Greater Orlando Heart Walk and raised funds to cure heart disease and stroke. The chapter also hosted a social at a popular eatery during trivia night, which provided the chance to network and test our general knowledge. The Seminole State AFC chapter offered opportunities during the fall semester for professional development that included a "Mindfulness Walking Event" where attendees learned about mindfulness while enjoying nature outside and as well as two sessions on how to access resources and use the latest technology at our campus libraries. In December, many of our chapter members participated in a Salvation Army community service project to provide filled Christmas stockings and dressed teddy bears for children in need during the holidays. Randi Otero won for "best dressed bear" with her unicorn princess inspired bear.

SEMINOLE STATE COLLEGE AFC CHAPTER

In Spring 2020, the Seminole State College Chapter of AFC co-hosted a professional development session on sustainability. Employees were asked to share their thoughts about how to make Seminole State a model for sustainable practices within our college community and our region. In early March, our chapter hosted another trivia night social at a favorite local restaurant. Soon after, many of our scheduled events transitioned into virtual events for the remaining of the spring semester. Many Seminole State College AFC members participated in the first virtual Region III Conference on April 10, 2020. In late April, we hosted a Zoom webinar entitled "Zoom Best Practices" to provide information on this new meeting platform many of us were now engaged in on a regular basis. Employees were able to participate in Zoom Yoga every Friday at 1 p.m. through May 1st thanks to Professor Christina

Bissirri. Employees shared selfies of themselves wearing jeans on social media in participation of Denim Day on April 29, 2020 to help raise awareness of sexual assault. In the virtual session "Your Library, Your Desktop", AFC members learned how to access the library via their computer and how to locate research materials as well as popular magazines, books and even movies they can watch during a time of distance learning and social distancing. Our chapter participated in the virtual Cinco de Mayo trivia night social hosted by Region III, but we unfortunately didn't place on the leaderboard! In early May, a legislative update was hosted virtually by our chapter as well as a webinar on the census entitled "It's Not Too Late: You Can Count". The Seminole State College chapter also hosted its first virtual general chapter meeting in May to give an update on events and provide an opportunity for virtual networking.

Hello, AFC Members.

I am hoping this month's newsletter finds you well. Life is certainly different from just a few weeks ago and it is definitely an adjustment for our daily routines. During these unprecedented times, please continue to keep up to date on the latest information about the coronavirus at www.seminolestate.edu/coronavirus

With many of us working from home and/ or taking care of families, I encourage you to use this time of social distancing not to isolate from the world, but to bring the world to you via technology and community service.

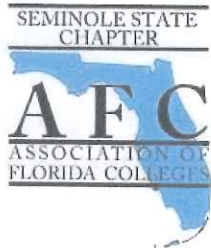

For those with children looking to keep them busy, below are a few ideas that will provide some educational and fun activities. Please note, **AFC is not promoting any of the companies below**; they are merely suggestions for possible resources for you and your family and have no affiliation with AFC or Seminole State College.

Hello, AFC Members!

Are you adjusting to working remotely? It is definitely a change for me but I am finding my groove. I hope you are too. As we move forward and approach summer term, we have revised a couple of our chapter sessions that had been previously scheduled as live events into Zoom online courses. I hope your schedule allows you to join one or two. Also, I am including other virtual learning options from the AFC state office that you might be interested in checking out as well. For the faculty members who are wrapping up spring term and not returning until fall, I wish you a fantastic summer and good health.

Be well my friends.

AFC REGION III MOVIE TRIVIA NIGHT.docx;

Hello, AFC Members!

I cannot believe I am writing my last newsletter to you all. The year has gone by so fast! It has been a fun and interesting journey, especially these last couple of months as I navigated the virtual world to keep us all connected. As the 2019-2020 President, I have loved being engaged this year with our AFC chapter and bringing you opportunities to network, grow professionally and personally through workshops, and even seeing the amazing ways our chapter gives back to the community through various service projects. It is apparent to me that the Seminole State College AFC Chapter is a very active and social group that enjoy spending time together and learning new things! Thank you to our members for being part of the Seminole State College chapter and helping us grow this year. Also, a special thank you to my board members...I could not have done it without you. You are all amazing!

Take care and be safe.

As always, I hope to see you soon.

Call to Order: 11:36 a.m.

Attendance: Jillian Baco, Catherine Chimera, Arlene Gonzalez, Tracy Harbin, Charity Lo-Giudice, James Miller, Elizabeth Tammaro, Michele Wallace, Juanita Wynn (by phone)

President's Report:

Charity met with Dr. Lorenz and reviewed upcoming plans. Dr. Lorenz liked the proposed Nov. men's health event and agreed that Kate Henry could bring the idea to male members of the executive team (shaving all facial hair).

Dr. Lorenz checked in on the process in which we are made aware when we received a new AFC member. Process has opportunity for improvement.

Dr. Lorenz shared that she has received feedback from Career Service members: they would appreciate more professional development workshops.

AFC Book/Tuition Scholarship announcement was sent out last week. No submissions. We agreed to revisit the idea of possibly changing an aspect of the scholarship or adding a new scholarship to allow it to receive more submissions (for example: scholarship can be used to cover conference expenses).

Submitted information and pictures from our table participation at the Faculty Welcome Back events to the AFC Current (comes out in Sept.).

Membership Report: (Cathy not present. Charity reported.) Cathy Bartling has been calling on the interest/membership slips that we collected at the Faculty Welcome Back events and we have one new member so far. Member total: 205 (we noted this number may not be accurate)

- Discussed idea of sending a direct mail piece showing "what we did this year"
 - Catherine will review content from Charity's emails and send copy to Tracy who will create a graphic for a direct mail piece
