

The Association of Florida Colleges

Membership Development Committee

With the support of all Chapters, the Membership Development Committee successfully recruited additional members to strengthen our chapters and increase revenue for the Association. Our call to action was well received and many found the Membership development workshop successful as participants walked away with answers to questions and tangible goals and resources.

As we bring this year to a close, we will continue to recruit members regardless of the reward and recognition provided by the AFC office. As Chapters lose members to retirement, they will be encouraged to consider retiree and lifetime membership options. Remember, Membership is everyone's responsibility...AFC is all about support, reward and encouragement. We are the VILLAGE!!!

Thank you to Dr. Tunjarnika Coleman-Ferrell and Ms. Marsha Kiner for your outstanding Leadership and guidance this year. Also, a special thank you to the new AFC team members and the AFC Executive Board.

Special Thanks to the ***Dream Team*** - 2018 Membership Development Committee:

Christy Van Griswold
Florida State College at Jacksonville

Mark Ross
College of Central Florida

Greg Harris
Polk State College

Katie Profeta
Indian River State College
