The Village and its community partners provide children and their families accommodations in fully-furnished villas, transportation, tickets to theme parks, meals, daily entertainment and much more. Each year 27,000 children in the United States are diagnosed with a critical illness. Half of all children eligible for a wish through a partnering wish-granting organization choose to visit Central Florida and its collection of theme parks and other attractions.

Our goal, quite simply, is to provide everything these deserving families need to make their trip the vacation of a lifetime. Since 1986, more than 160,000 children and families have had their dreams fulfilled in a whimsical Village unlike any other place on earth.
