The CCP Committee also hosted a ‘For CCP, by CCP’ session at the Annual Conference. The session was well attended with a mix of prospective students, inactive students and graduates. In early 2019, staff will be following up with these attendees as well as all CCP participants in our database in an effort to determine status/progress and to establish more frequent communications.

## **2) 2019 Highlights**

**CCP Committee:** We are in the process of identifying individuals to join the CCP Committee. Once the new committee is established, a first meeting date will be determined in the near future.

**LMS:** Staff will be moving the application and credit tracking functions for CCP to the AFC website which utilizes a MemberClicks Association Membership System (AMS). This will allow participants to use the AFC website and their AFC login to submit their application and application materials, record and track their credits without having to go to a separate website. Online Core Courses will still be delivered via the current CCP site.

**CCP Workshops:** Two face-to-face day-long workshops will be provided in 2019 in conjunction with other AFC events/meetings.

**Current Courses:** In 2019 we will begin updating and refreshing the current online core courses.

**CCP Materials:** The CCP user manual, FAQs, credit tracking forms, application and marketing materials will be reviewed and updated in early 2019.
