

**Association of Florida Colleges**  
**Agenda Item 7.6 – Member Services Committee Report**  
**November 2019**

Submitted by Melonie Miner, Chair

**Region I:**

Region I reported that the potential member benefit offered by Anytime Fitness was not going to be pursued by the Association. The primary reason for this was due to a very similar benefit that is available through Florida Blue. Florida Blue is the health insurance provided by most of the member colleges to their employees. Part of Florida Blue, Blue365 offers a program called, Tivity that gives the participant access to over 10,000 gyms for a monthly fee of \$29.

**Region II:**

Ms. Carol Pugh from Santa Fe College is pursuing a lead with Miller's Ale House for a potential discount and fundraising opportunities. Hopefully, more information will be available on this at the November board meeting.

**Region III:**

Gabi Booth with Daytona State College has been researching a few options including Perks at Work, Orlando Employee Discounts, and Corporate Shopping. Detailed information was provided to the committee chair. Mel Miner will look into these options further and if a clear benefit is seen she will share details with the committee for a vote prior to sending them up the chain to the AFC state office.

**Region's IV & V:** Nothing new to report

*The next committee meeting is tentatively scheduled for November 6, 2019 at 6:00pm EST during the Annual Conference.*
