

AFC CMC Awards of Excellence Judging Notes

1. No more entries on DVD. Save all video entries (as MP4 or WMV formats, check for universal playback on Windows Media Player before submitting) on one USB drive. We'll return the drive at the Fall Convention.
2. Include the category number on the form. Some do, some don't – it makes it much easier with the number and the category.
3. Instead of "Electronic" as a title, change to "Digital".
4. Maybe time to review the 10,000 FTE division mark.
 - a. Three divisions – small, medium & large?
 - b. What is the logic or reasoning behind some with FTE criteria and some without?
5. Retiring or adding any categories?
6. Communication via email blast – some confusion as some CMC members who have not chosen CMC as their 1st, 2nd, 3rd or 4th choices in the AFC system are not receiving any communications from the commission. Maybe time for a hybrid process of our own – maintain our own email addresses as well as utilize the AFC email blast/memberclicks.
