2017 Spring Conference

The Learning Resources Commission held its second Virtual Conference on April 21, 2017.

- 77 attendees pre-registered for the event
- Approximately 15-30 people attended each of the presentations
- Presenters came from the submissions for the two Learning Resources Commission Exemplary Practice Awards
- 10 presentations were delivered, each 20 minutes in length with a break between
- Sessions were recorded and available for viewing at:
<http://irsc.libguides.com/virtualconference>
- Judging panel was assembled from registered participants, scores are currently being compiled

Future considerations:

- Will need sponsors or a registration fee in order to sustain offering in future years
- Survey was distributed, but very few responses were received. May need to look at alternative assessment in the future.

Summer Goals:

- Work with judging panel to secure Exemplary Practice Winners
- Confirm November conference attendance with winners
- Hold a board meeting to discuss commission presentation options for November conference
