Florida College System Activities Association

Report to the Council of Presidents – May 21, 2021

Approval Item:

Council for Athletic Affairs approval item (language below directly from CAA description and vote):

The NJCAA has waived this year of eligibility (2020-2021) for all student-athletes. Meaning after this year, freshman will be freshman again next year. The NCAA has reciprocated with waving the year for fall and winter sports, but not spring. In the NJCAA's ruling, they have indicated that the students can return and be "non-counters" towards scholarship limits.

After the 2019-20 season, the CAA limited the spring "non-counters," and this was approved by the Council of Presidents. To this end, a precedent was set and we are suggesting a similar measure for our fall and winter sports. Please note, the ratio used for the "non-counters" is proportional to the increase applied to spring sports in 2021.

Official approval language: "All 2020-2021 fall and winter sports student-athletes who were second-season participants, if signed to a NJCAA LOI, who return for 2021-22, will be considered a non-counter towards LOI limits, if signed by the same institution.

For the 2021-2022 academic year, the FCSAA will allow the non-counters from 2020-2021 to extend the following LOI limits as long as they were signed to the same scholarship or less for the 2020-21 year.

- *Basketball: 17*
- *Volleyball: 16*
