

Association of Florida Colleges

Affiliate Membership

The Association of Florida Colleges is the professional Association for Florida's 28 public colleges, their Boards, employees, retirees, and associates.

The mission of the Association is to actively promote, democratically represent, support, and serve the individual members and institutions in their endeavors to provide their students and the citizens of Florida with the best possible comprehensive college educational system.

Today, all 28 of the colleges support the work of the Association through institutional dues, individual memberships of the nearly 9,000 college employees and retiree members and through the sharing of their talents, time and energy. Associate and Affiliate memberships provide an opportunity for expanded visibility and show that you actively support Florida's colleges, the employees and system.
